

Work Centres

Designed for Prep and Bakery applications, Tarrison's Work Centres will maximize your working space efficiently and cost-effectively. It's easy and so affordable, so why not create your own customized work centre (as shown above), by combining any of the Tarrison options shown here. Pre-drilled holes that accept a clamping device on the side allow units to be banked together easily.

All Tarrison Work Centres are built with Tarrison's high quality wire shelving and posts. Stainless steel tops have 1.5" bull nose front, knife edge and two heavy-duty reinforcement under-channels.

Standard Prep Work Centre
